

Open the door to your future with two free years of college

Take advantage of the Seattle Promise scholarship

The Seattle Promise scholarship program provides all graduating seniors from eligible Seattle public high schools with up to two years (or 90 credits) of FREE in-state tuition and support services at Seattle Central College, North Seattle College, or South Seattle College.

Make a strong start to your future and focus on what matters most

With two tuition-free years of college you can dive into your studies and find an educational path that leads to a career you love. We'll be there every step of the way.

During your senior year of high school we'll help you complete college and financial aid applications, choose and register for your first classes, and give you guidance to be successful.

As a Seattle Promise scholar, you'll gain confidence and be prepared from your first day through your two years and beyond.
